Special Map Layers

Now you can use our [map layers](#) with **Airspaces** and **Skyways** for planning your XC routes and flights.

- „**Airspace**“ layer include airspaces of most european countries like: Austria, Germany, Switzerland, Spain, Portugal, France, United Kingdom, Holland, Belgium, Luxemburg, Czech, Poland, Slovakia, Slovenia, Hungary.
- „**Skyways**“ layer present tracklogs from flights claimed at XContest system. The layer will be refreshed regularly.
- „**Map of thermals**“ will follow soon :-)

Airspace data of countries which are not included in our map are welcomed! Please [contact us](#).

[Worldwide Flight Search](#)

This feature helps to find **flights from given take-off**. Move the green mark to desired location, set radius and click on „Filter!“ button.

Happy flights!
